There are a few things to keep in mind whether you’re driving, cycling or walking near ION.

**Follow the signs and signals**
Some intersections have been modified. Follow the signs and new restrictions (e.g. no left turn).

**Stay off the tracks**
Tracks are for trains. Never stop or park anywhere on the light rail tracks, even just for a moment. Any vehicle stopped or parked on the tracks will be ticketed or towed.

**Stay alert**
ION trains are quiet and may not always be heard against typical street noise. Look both ways before crossing the light rail tracks.
Get to know the following signs and signals along the ION route.

- **This lane is reserved for trains at all times.**
- **Do not stop or park on the tracks.**
- **Look both ways and make sure the way is clear before crossing the light rail tracks.**
- **Cyclists, watch for tracks ahead.**
- **While the traffic signal is red, no right turns are allowed.**
- **No left turns are allowed at this intersection.**
- **No U-turns are allowed at this intersection.**

**A train is approaching. No turns allowed while this signal is illuminated.**

**ION trains follow a separate set of signals. Motorists and pedestrians continue to follow the traffic signals.**
